## Job Description

---

Are you passionate about architecture and technical drawing?

Would you like to contribute to a variety of ambitious projects in the medical, residential, and commercial sectors?

As part of the development of our Geneva office, we are looking for a motivated, detail-oriented, and autonomous Architectural Draftsperson to join our team.

## Your Responsibilities

- Produce project drawings, permit application files, execution plans, and technical details
- Contribute to the development of innovative architectural projects
- Prepare tender documentation and submission packages
- Coordinate with architects, consultants, and contractors
- Ensure the graphic and technical quality of all produced documentation

## Your Profile

- CFC Draftsperson qualification or equivalent education
- Proven professional experience in Switzerland in a similar position
- Excellent command of ArchiCAD 3D
- Strong organizational skills and attention to detail
- Ability to work independently while enjoying teamwork
- Ability to manage multiple projects and work under pressure
- Fluent French, both written and spoken

## What We Offer

- A wide range of technically challenging projects
- A growing company active throughout French-speaking Switzerland
- A dynamic and supportive working environment
- Flexible working hours
- 5 weeks of annual vacation
- Real opportunities for professional growth

Location: Geneva

Start date: To be agreed

We look forward to receiving your complete application in full confidentiality.

### How to apply:

Please send your CV, cover letter, and portfolio (if applicable) to [bonvin@cc-wk.ch](mailto:bonvin@cc-wk.ch) or apply directly via our LinkedIn job offer using the button below.

We review all applications carefully and will contact you if your profile matches our current or future needs.
