Job Description

At C.C. & W.K. SA, we're always looking for talented professionals to join our growing team.

Current areas of interest include:

- Architecture & Design
- Project Management
- Construction Management (Directeur des Travaux)
- Technical Drawing & CAD (Dessinateurs)
- Engineering
- Facility Management
- Administration

Even if we don't have an open position that matches your profile today, we'd love to hear from you. We keep promising applications on file and contact candidates when suitable opportunities arise.

About us:

C.C. & W.K. SA is a dynamic architecture and general contracting firm based in Switzerland, with offices in Martigny-Croix, Geneva, and expanding throughout the French-speaking region. We specialize in medical laboratories, residential projects, and commercial developments.

How to apply:

Please submit your CV, cover letter, and portfolio (if applicable) using the form below. Tell us about your experience, skills, and why you'd like to join our team.

We review all applications carefully and will contact you if your profile matches our current or future needs.

Education & Experience

We welcome applications from candidates with diverse educational backgrounds and experience levels in architecture, construction, project management, and related fields. Whether you're an experienced professional or just starting your career, we're interested in hearing from talented individuals who share our passion for quality and innovation.

Must Have

- Strong motivation to join our team - Relevant qualifications or experience in architecture, construction, engineering, or related fields - Excellent communication skills in French (German, English, or Italian is a plus) - Attention to detail and commitment to quality - Team spirit and ability to work independently

Educational Requirements

- Strong motivation to join our team - Relevant qualifications or experience in architecture, construction, engineering, or related fields - Excellent communication skills in French (German, English, or Italian is a plus) - Attention to detail and commitment to quality - Team spirit and ability to work independently

Compensation & Other Benefits

Competitive salary, professional development opportunities, collaborative work environment, challenging projects across Switzerland, modern office facilities
